# Jeanneau SO 36i (2C/1H) 2009

This is a lovely example of this yacht design. The Jeanneau SO 36i has a good deck layout with control lines led back to the spacious cockpit, making her easy to sail. There is a stack-pack and also lazy jacks for the mainsail and roller furling genoa, perfect for making your Antigua sailing vacation as easy as possible! The deep keel on the Jeanneau SO 36i also provides excellent sailing performance, so you can get to your destinations that little bit more quickly.

Below decks there is a spacious galley and saloon with plenty of natural light. There are 2 double cabins, perfect for couples or families, together with a generously sized head and shower to port.

This Jeanneau SO 36i Antigua charter yacht has a full range of electronics including a chart-plotter at the helm station. The dinghy and outboard are new as of 2014.
